

No	Heuristic	Issue description	Screenshot	Severity	Suggested improvement
1	H1-1: Simple & natural dialog	No issues found		0	
2	H1-2: Speak the users' language	No issues found		0	
3	H1-3: Minimize users' memory load	User has to know their desired contact's ID		2	Have a search by name or email
4	H1-4: Consistency	Start conversation button does not match colour theme		1	Change the button to purple
5	H1-5: Feedback	Everything is responsive and provides adequate feedback per action		0	
6	H1-6: Clearly marked exits	Missing out button for when you dont want to have any conversation showing		3	Add a ← symbol on the top left of the chat screen to show that there is a way to exit a conversation
7	H1-7: Shortcuts	Minimal short cuts, only Enter to send		2	Add Esc, and Ctrl+f features
8	H1-8: Precise & constructive error messages	The error message when adding a non-existent user can look better		1	Remove the square bracket from the ID and a more helpful message maybe
9	H1-9: Prevent errors	No issues found		0	
10	H1-10: Help and documentation	No help button on site nor is there a link to the github documentation		2	Add a help button with a short guide on how to operate the website
